

The Indiana Commission to Combat Drug Abuse

Behavioral Health Division

Comprehensive Community Plan

County: Rush

LCC Name: Rush County LCC

LCC Contact: Hannah Augsburger

Address: 1201 Lions Path

City: Rushville

Phone: 7653-935-3901 ext: 1471

Email: augsburgerh@rushville.k12.in.us

County Commissioners:

- **Mark Bacon: Southern**
 - 317-402-6235
 - mbacon@rushcounty.in.gov
- **Ron Jarman: Center**
 - 765-745-0013
 - rjarman@rushcounty.in.gov
- **Kenny Aulbach: Northern**
 - 317-509-3420
 - kaulbach@rushcounty.in.gov

Address: Rush County Courthouse 101 East 2nd St. Room 102

City: Rushville Zip Code:46173

Vision Statement

What is your Local Coordinating Council's vision statement?

Maintain Rush county Safety and Drug-Free awareness in our communities and schools. Through the application and implementation of prevention, intervention, education, treatment, and criminal justice.

Mission Statement

What is your Local Coordinating Council's mission statement?

Through applying and implementing prevention, intervention, education, treatment, and criminal justice, we will apply and implement broadly based substance abuse prevention programs through enhancing self-esteem, intervention programs, educational methods, rehabilitation alternatives, and community-wide networking.

| Membership List | | | | | |
|------------------------|--------------------------|----------------------------|-------------|---------------|---------------------------|
| # | Name | Organization | Race | Gender | Category |
| 1 | Robert Bridges | Rushville Police Dept. | W | M | Criminal Justice |
| 2 | Craig Tucker | Rushville Police Dept. | W | M | Criminal Justice |
| 3 | Kristie Amos | Rush County Foundation | W | F | Intervention & Prevention |
| 4 | Randy Meek | Rush County Sherrifs Dept. | W | M | Criminal Justice |
| 5 | Adam Jarman | Harcourt Counseling | W | M | Intervention/ Counseling |
| 6 | Cindy Harcourt | Harcourt Counseling | W | F | Intervention/ Counseling |
| 7 | Jon York | Boys & Girls Club | W | M | Intervention & Prevention |
| 8 | Hannah Augsburger | Rush Co Schools | W | F | Intervention & Prevention |
| 9 | Brittnee Odum Hillebrand | Drug Court Advocate | W | F | Intervention & Prevention |
| 10 | Carley Holland | Purdue Ext. | W | F | Intervention & Prevention |
| 11 | Jessica Mastin | Rush Co Schools | W | F | Intervention & Prevention |
| 12 | Brian Hill | Judge | W | M | Criminal Justice |
| 13 | Terri Smith | MoRE for Kids | W | F | Intervention & Prevention |

| LCC Meeting Schedule: |
|---|
| Please provide the months the LCC meets throughout the year: January-May and August- November |

II. Community Needs Assessment

The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.

Community Profile

| |
|--|
| County Name Rush |
| County Population 16,672 |
| <p>Schools in the community</p> <p>Public School:</p> <ul style="list-style-type: none"> ● Rushville Elementary KG-6th <ul style="list-style-type: none"> ○ East 338 students ○ West 375 students ● Milroy Elementary KG-6th <ul style="list-style-type: none"> ○ 152 students ● Arlington Elementary KG-6th <ul style="list-style-type: none"> ○ 143 students ● Benjamin Rush Middle School 7th and 8th <ul style="list-style-type: none"> ○ 329 Students ● Rushville Consolidated High School 9th-12th <ul style="list-style-type: none"> ○ 600 students <p>Charter School</p> <ul style="list-style-type: none"> ● Mays academy KG-8th <ul style="list-style-type: none"> ○ 115 students <p>Private Schools</p> <ul style="list-style-type: none"> ● St. Marys Academy Pre-K KG-6th <ul style="list-style-type: none"> ○ 106 Students <p>Higher Education</p> <ul style="list-style-type: none"> ● Ivy Tech <p>HeadStart</p> <p>HSE</p> |

Intervention

- Narcotics Anonymous
- Alcohol Anonymous
- Celebrate Recovery
- Health Families
- Healthy Start
- Hope Center
- Headstart
- Young Life

Housing/ utilities

- Campaign Flat Apartments: for adults 62+ and /or disabled
- ICAP: Utilities, section 8/HUD, headstart
- Loma Apartments & Rushville Commons: Subsidized Housing
- Salvation Army
- Village of Flatrock
- Oakwood Manor

Community Risk and Protective Factors

Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.

Risk Factors Examples: trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

Protective Factors Examples: strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.¹

| Risk Factors | Resources/Assets | Limitations/Gaps |
|--|--|--|
| 1. Limited Mental Health education and treatment | <ol style="list-style-type: none"> 1. Drug Court Program 2. Recovery Meetings 3. RMH Health care, Centerstone, Meridian health agencies servicing substance abuse. | <ol style="list-style-type: none"> 1. Lack of Financial resources for families 2. Lack of Mental Health providers who accept Medicaid 3. No inpatient stay for substance use/.misuse. |
| 4. Peer substance use/ Misuse | <ol style="list-style-type: none"> 1. School system education on staying drug-free 2. Dare Program 3. Random Drugs testing at high school | <ol style="list-style-type: none"> 1. Assessability 2. Lack of self-esteem 3. Lack of self-worth |
| 5. Poverty | <ol style="list-style-type: none"> 1. Food Pantry Rushville and Gleaners 2. Work one 3. Breaking ground in the Spring for a new community center to centralize the needs of our community | <ol style="list-style-type: none"> 1. Apathy 2. Unemployment 3. Single Parents and blended families with 5+ members in the home. |

¹Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

| Protective Factors | Resources/Assets | Limitations/Gaps |
|--|---|---|
| 1. Alcohol, tobacco, and other drugs outpatient counseling | <ol style="list-style-type: none"> 1. Centerstone 2. RMH HealthCare Associates 3. Meridian Health Services | <ol style="list-style-type: none"> 1. Lack of residential treatment 2. Lack of halfway houses or programs 3. Lack of Insurance and providers |
| 2. Law Enforcement | <ol style="list-style-type: none"> 1. Saturation patrol 2. Rush County Sheriff's Dept. and Rushville Police Department 3. Probation Department | <ol style="list-style-type: none"> 1. Lack of Funding 2. Lack of equipment 3. Lack of drug screen fees |
| 3. School Corporations and Community Members | <ol style="list-style-type: none"> 1. Life Skill: Character Strong prevention program, Dare Program 2. Firefly Community partners, First 5, From the bottoms up (Pantry), Hope Center, 3. Youth programs: Mahoning Valley Christian Service Camo, Purdue Ext., Boys and Girls Programs, Parks Dept, and Public Library | <ol style="list-style-type: none"> 1. Lack of Funding 2. Lack of youth involvement 3. Lack of parental involvement |

III. Making A Community Action Plan

Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators to identify and address local substance use problems.

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

Step 1: Create + Categorize Problem Statements

Create problem statements as they relate to each of the identified risk factors.

| Risk Factors | Problem Statement(s) |
|--|--|
| 1. Limited Mental Health education and treatment | <ol style="list-style-type: none">1. Many of the residents cannot afford treatment.2. Students reported that they are considering attempting suicide and/or have a plan.3. There is a high percentage of adults seeking treatment. |
| 2. Adult and minor substance use/ Misuse | <ol style="list-style-type: none">1. Students report the misuse of Nicotine/ vape devices2. Minors/adults reported the use of marijuana and methamphetamines3. Minors/adults reported the misuse of Alcohol |
| 3. Use and misuse of vape devices among minors | <ol style="list-style-type: none">1. Many residents cannot afford treatment2. Lack of prosocial involvement3. Lack of funding for evidence-based programs. |

Step 2: Evidence-Informed Problem Statements

Identify your top three problem statements using local or state data. Ensure a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).

| Problem Statements | Data That Establishes Problem | Data Source |
|--|---|---|
| <p>There is an increase in Adults and Minors seeking mental health treatment/ education.</p> | <p>Harcourt Counseling Services: (The funding that helps students and families receive free counseling.)</p> <ul style="list-style-type: none"> ● 10 children received mental health counseling. ● 8 included family therapy ● 13 adults were seen as part of the children’s treatment <p>More For Kids Mental Health Education:</p> <ul style="list-style-type: none"> ● 60 Adults and Minors <p>RMH Behavioral clients receiving Mental health care.</p> <ul style="list-style-type: none"> ● Mental health- <ul style="list-style-type: none"> ○ under 18 = 35 ○ over 18= 174 <p>Indiana Youth Institute</p> <p>Feel sad or hopeless</p> <ul style="list-style-type: none"> ● 18.2% of 7th graders ● 16.7 % of 8th graders ● 27.8% of 9th graders ● 23.1 % of 10th graders ● 25% of 11th graders <p>Consider attempting Suicide</p> <ul style="list-style-type: none"> ● 12.1% of 7th graders ● 0% of 8th graders ● 13.9% of 9th graders ● 2.6% of 10th graders ● 16.7% of 11th graders <p>Make a plan about attempting suicide</p> <ul style="list-style-type: none"> ● 6.1 of 7th graders ● 0% of 8th graders ● 5.6% of 9th graders ● 7.7% of 10th graders ● 12.5% of 11th graders <p>Centerstone: (**These are the total consumers residing in Rush County that had an intake related service with Centerstone in CY 2022 that have diagnoses that fall within one or more</p> | <p>Harcourt Counseling Services</p> <p>Centerstone</p> <p>RMH Behavioral</p> <p>More For Kids</p> <p>Indiana Youth Institute</p> |

|--|--|--|

Step 3: Brainstorm.

Consider the resources/assets and limitations/gaps identified for each risk factor, and list what actions can be taken for each identified problem statement.

| Problem Statements | What can be done (action)? |
|--|---|
| 1. There is an increase in Adults and Minors seeking mental health treatment/ education. | <ol style="list-style-type: none"> 1. Identify the current population needing the connection for Mental Health Services. 2. Support evidence-based programming offering Mental Health Education 3. Collaboration with the schools, support networks and other facets of the community to implement Mental Health Education, events, and services. |
| 4. Adults reported the misuse of methamphetamines, alcohol, heroin, cocaine, and marijuana | <ol style="list-style-type: none"> 1. Increase the number of arrest leading to cases filed for the misuse of methamphetamines, alcohol, and marijuana 2. Increase treatment/intervention and prevention education of illegal drug use. 3. Supporting local agencies and initiatives who aim to educate the destruction of drug misuse, and raising awareness through intervention programs for the proper benefits to a healthier lifestyle. |
| 5. Minors reported the misuse of vape devices | <ol style="list-style-type: none"> 1. Decrease the use of vape devices. 2. Support evidence based programming providing education and treatment to reduce the use of vaping among minors. 3. Increase the number of arrest leading to cases filed of those being in possession of vape devices. |

Step 4: Develop SMART Goal Statements

For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements demonstrating what change you hope to achieve and when you hope to achieve it.

| Problem Statement #1: |
|--|
| <p>Goal 1 The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention, education, and or treatment for students, minors and adults seeking Mental Health treatment & education. Clients are referred to Centerstone, Harcourt Counseling Inc., RMH Behavioral & Mental Health, & Meridian Health. If an average of increase of 4 new clients between the 4 agencies mentioned is not achieved the LCC will reevaluate the approach in March of 2024</p> |
| |

Goal 2

The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention, education, and or treatment for students, minors and adults seeking Mental Health treatment. If 1% of clients are not referred through the financial support from the mini grants the LCC will reevaluate the approach in March of 2024.

Problem Statement #2**Goal 1**

The LCC will promote and fund mini grants to various organizations, the school corporation, and agencies who use evidence-based programs and or curriculum to provide education, and or treatment for students, youth, and adults for the misuse of methamphetamines, alcohol, and marijuana. Clients are referred to Centerstone, Harcourt Counseling, RMH Behavioral & Mental Health, & Meridian Health. If an average increase of 3 new clients between the 4 agencies mentioned is not achieved the LCC will reevaluate the approach in March of 2024.

Goal 2

The LCC will assist Law Enforcement/ Criminal Justice with mini grants in effort to reduce the use and misuse of methamphetamines, alcohol, and, heroin, cocaine, & marijuana by minors and adults by increasing arrests leading to cases filed. If an increase of 5 cases filed by the Prosecutor is not reached by March of 2024, the LCC's approach will be reevaluated.

Problem Statement #3**Goal 1**

The LCC will promote and fund mini grants to various organizations, the school corporation, and agencies who use evidence-based programs and or curriculum to provide education, and or treatment for students and youth for the use of vape devices. The School Corporation has randomized drug testing and results come yearly. If there is not a 1% decrease for students who test positive for cotinine is not reached by March of 2024, the LCC's approach will be reevaluated.

Goal 2

The LCC will assist Student Resource Officers, Law Enforcement/ Criminal Justice with mini grants in effort to reduce the use and misuse of vape devices by minors by increasing citations leading to, at the school level, suspension (possession of a vape device ends in a 3 day suspension or what is written in the handbook policy). withn the community traffic stops leading to citations form the use of a vape device. If an increase of 5 citations filed by the SRO/ Prosecutor is not reached by March of 2024, the LCC's approach will be reevaluated.

Step 5: Plans to Achieve Goals

For each goal, list the steps required to achieve each

| Problem Statement #1 | Steps |
|--|---|
| <p>Goal 1</p> <p>The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention, education, and or treatment for students, minors and adults seeking Mental Health treatment & education. Clients are referred to Centerstone, Harcourt Counseling Inc., RMH Behavioral & Mental Health, & Meridian Health. If an average of increase of 4 new clients between the 4 agencies mentioned is not achieved the LCC will reevaluate the approach in March of 2024</p> | <ol style="list-style-type: none"> 1. Prevention/Education: The Rush County LCC will collaborate and partner with local organizations who are established in the community choosing to use evidence based programming, and in return will financially support through our grant cycle. With the intent to support programming but not limited to established programs for sustainability. 2. Intervention/Treatment: The Rush County LCC will collaborate and partner with local organizations who are established agencies to support evidence based programming and financially support agencies for treatment options through our grant cycle. With the intent to support programming but not limited to established programs for sustainability. Law Enforcement/Criminal Justice: The Rush County LCC will collaborate and partner with the local Law Enforcement/Criminal Justice Department to financially support evidence based equipment, programming, and or dual purpose K9 officer equipment/programming. With the intent to support programming but not limited to established programs for sustainability. |
| <p>Goal 2</p> <p>The LCC will promote and fund mini grants to various organizations and school who use evidence-based programs and or curriculum to</p> | <ol style="list-style-type: none"> 1. Law Enforcement/Criminal Justice: The Rush County LCC will collaborate and partner with the local Law Enforcement/Criminal Justice Department to financially support evidence based equipment, programming, and or dual purpose K9 officer equipment/programming. With the intent to support programming but not limited to established programs for sustainability.</p> |
| <p>Problem Statement #3</p> | <p>Steps</p> |
| <p>Goal 1</p> <p>The LCC will promote and fund mini-grants to various organizations, the school corporation, and agencies who use evidence-based programs and or curriculum to provide education, and or treatment for students and youth for the use of vape devices. The School Corporation has randomized drug testing, and results come yearly. If a 1% decrease for students who test positive for cotinine is not reached by March 2024, the LCC’s approach will be re-evaluated.</p> | <p>1. Prevention/Education: The Rush County LCC will collaborate and partner with local organizations who are established in the community choosing to use evidence based programming, and in return will financially support through our grant cycle. With the intent to support programming but not limited to established programs for sustainability.</p> <p>2. Intervention/Treatment: The Rush County LCC will collaborate and partner with local organizations who are established agencies to support evidence based programming and financially support agencies for treatment options through our grant cycle. With the intent to support programming but not limited to</p> |

IV. Fund Document

The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).

| Funding Profile | | |
|---|--|----------------------------------|
| 1 | Amount deposited into the County DFC Fund from fees collected last year: | \$20,000.00 |
| 2 | Amount of unused funds from last year that will roll over into this year: | \$434.03 |
| 3 | Total funds available for programs and administrative costs for this year (Line 1 + Line 2): | \$20,434.03 |
